“Learning Forum” Daily Themes Announced for CMPX 2018

The CMPX 2018 Show Committee has announced new Daily Themes for the show’s Learning Forum sessions to directly address the interests of specific attendee groups.

Day 1, Wednesday, March 21, 2018 will be “For Owners and Managers” with a selection of speakers and topics geared to the needs of those running or managing businesses in the HVACR and Plumbing industries.

Day 2, Thursday, March 22 will feature “Engineering The Future of Mechanicals” with sessions planned to address the interests of both engineers and also a wide range of senior professionals in the mechanicals industry. Topics such as Water Quality, Psychometrics, Refrigerants and high efficiency Plumbing will be offered.

Day 3, Friday, March 23 is themed “Hands On Smart Solutions” and the day is tailored to the interests of Technicians and Contractors, giving them valuable new information with a “bottom line” focus.

All three days of Learning Forum sessions are included in the admission cost – no extra charges – and will be held in the CMPX Show Floor Theatre. Show goers can easily hit the sessions that will be money-makers for them, without ever leaving the main show floor where they will be surrounded by 200,000 square feet of exciting and informative mechanicals industry displays.

Jointly produced since 1972 by HRAI and CIPH, CMPX 2018, *The Canadian Mechanical & Plumbing Exposition* is Canada’s national trade show and Learning Forum for the mechanicals industry including: air-conditioning, heating (forced-air and hydronics), plumbing, waterworks, water quality, piping, refrigeration and ventilation industries.

CMPX is Canada’s biggest show for the mechanicals industries and the show floor is expected to “sell out” again for CMPX 2018. In fact, following the very successful 2016 show, 95% of exhibitors said they planned to exhibit at the 2018 CMPX show.

Companies who have not yet reserved their space at CMPX should apply immediately. The last two CMPX shows held in 2014 and 2016, sold out totally. Potential Exhibitors need to move fast to secure the best available display space and

ensure that their deposit is in! The Exhibitor Space Sales brochure and Application form are both online now.
