Space is filling up fast for CMPX 2018 – Canada’s National Show for the HVACR and Plumbing Industries!

Exhibitors should reserve their display space today and ensure that their deposit is in!

CMPX, *The Canadian Mechanical & Plumbing Exposition* is Canada’s national trade show and Learning Forum for the mechanicals industry including: air-conditioning, heating (forced-air and hydronics), plumbing, waterworks, water quality, piping, refrigeration and ventilation industries.

Jointly produced since 1972 by HRAI and CIPH, the show was formerly called CEX, 1972 to 1996 and CMX from 1998 to 2010. The official show website is www.cmpxshow.ca and www.cmpxshow.com.

CMPX is Canada’s big show for the mechanicals industries. The show floor is expected to “sell out” again for CMPX 2018. In fact, following the very successful 2016 show, 95% of exhibitors said they planned to exhibit at the 2018 CMPX show.

NEW – Interactive Floorplan!

CMPX 2018 features a new interactive floorplan. Show space is updated daily as applications come in and deposits are received. View the CMPX 2018 interactive floorplan at <http://cmpxshow.com/floorplan.cfm?main=18>.

Booth space marked in yellow is confirmed with deposits while space marked green is pending and space marked blue is still available. By moving your mouse over each booth, an information fly-out shows the booth number, dimensions and exhibiting company name if the space is confirmed.

All potential exhibitors should check it out and get their Application and Deposit in today while there are still prime spaces available!

CMPX 2018 will be held at the Metro Toronto Convention Centre, North Building, March 21, 22, 23, 2018.
