**BIGGER | BETTER | BOLDER  
CMPX RETURNS TO TORONTO FROM MARCH 20 – 22, 2024**

**Toronto, November 27, 2023** – The highly anticipated return of The Canadian Mechanical and Plumbing Expo (CMPX) is set for March 20 to 22, 2024 at The Metro Toronto Convention Centre.

Jointly produced by the Heating, Refrigeration and Air Conditioning Institute of Canada (HRAI) and the Canadian Institute of Plumbing & Heating (CIPH), the biennial show is widely recognized as the ultimate industry showcase, bringing together the entire value chain – including manufacturers, contractors, wholesalers, engineers, architects, educators, students, and more – to innovate, explore, connect and learn.

**Everything new in HVACR and plumbing – under one roof**

For 2024, CMPX is moving to the South Building of The Metro Toronto Convention Centre and will feature an expanded show floor with the latest equipment, services and solutions from over 500 world-class brands.

Industry professionals can expect to see more products and exhibits than ever before, across all categories, including heating, cooling, refrigeration, ventilation, plumbing, indoor air quality, building automation & control, sustainability, software, tools & instruments, technology and more.

**Innovative content to stay ahead of the curve**

As always, relationships, dialogue and thought leadership will be at the heart of CMPX 2024. From interactive demonstrations and strategic panels to hands-on learning and valuable networking, this year's content mix is designed to help industry professionals stay current.

In addition to the massive show floor, attendees will get access to these show features:

- The CMPX Learning Forum - where industry experts will discuss and debate the product advancements, best practices and emerging trends that are impacting mechanical and plumbing professionals today.
- The Social Hub and Podcast Theatre - a place to swap stories, share tips and make connections with some of the industry's most recognized influencers and podcasters.
- New Product Showcase and Demo Stage - an interactive display of the newest equipment, tools and technology heading to market this year.
- HVACR Skills Competition – a unique opportunity for secondary and post-secondary students to showcase their talent, skills and expertise.

“CMPX 2024 is our biggest, best and boldest show yet, with more hands-on exhibits, more real-world solutions and more groundbreaking products than ever before” said Joanna Woo, CMPX Show Committee Chair. “CMPX offers HVACR and plumbing professionals unparalleled access to the people, products and perspectives that are shaping the future of indoor environment systems, water systems and refrigeration processes. If you work in the mechanical and plumbing industry, you can’t afford to miss CMPX 2024”.

The CMPX Show runs March 20 and 21 from 10:00am to 6:00pm and March 22 from 10:00am to 4:00pm, at the Metro Toronto Convention Centre, South Building, 222 Bremner Blvd, Toronto ON.

Industry professionals can register for free at [www.cmpxshow.com](http://www.cmpxshow.com) with code BIGGER24.

**About HRAI:** Founded in 1968, the Heating, Refrigeration and Air Conditioning Institute of Canada (HRAI) is a non-profit national trade association that represents more than 1,150 member companies in the heating, ventilation, air conditioning and refrigeration (HVACR) industry. Our members include manufacturers, wholesalers and contractors who employ more than 50,000 people in Canada and represent an industry that delivers more than \$12B annually to the Canadian economy.

**About CIPH:** The Canadian Institute of Plumbing and Heating (CIPH) is a not-for-profit trade association that is Canada’s leading voice promoting the Plumbing, Heating, Hydronics, PVF, and Waterworks Industries. With more than 280 companies as members, CIPH represents a vibrant industry that sees sales in excess of \$9 billion annually, that employs more than 20,000 from coast to coast and that provides essential services to all Canadians.
